Business Support on Your Doorstep

Food Matters Live matchmaking

Tuesday 22 November 2016 at ExCeL, London

Food Matters Live, an annual three day event running from 22-24 November this year, explores an important topic of our time: food, health and nutrition (www.foodmatterslive.com). The Enterprise Europe Network is once again organising its matchmaking event, this year on Tuesday 22 November 2016.

The matchmaking event will be an opportunity for SMEs, larger corporations, research centres, universities and retail chains to have pre-arranged one-to-one meetings with potential international partners and find out more about innovative technology in food, health and nutrition.

Main topics

- Food and drink manufacturing
- Natural ingredients
- Additives
- Dietary supplements
- Pharma and nutrition
- Finished products for health and wellbeing
- Nutraceuticals
- Marketing and brand management
- Safety and quality control
- Packaging materials and design
